From the Principal:

Many thanks for your support for yesterday's Teachers day of action. We appreciate the inconvenience of having to keep your children at home and or make alternative care arrangements. It is important that we continue to make it known that teachers are not only advocating for a pay increase, but also for better work conditions and support for the students that we all teach. It's about a better education for our children for future years.

One text I received yesterday from a parent of 2 school age children states:

‘Good morning. I hope you guys have a productive day. (It’s time to use our outside voices), Yes I can spell and more because of you’

Once again ‘Thank You’ for your continued support and understanding.

Duffy Theatre

Last Friday the Duffy theatre performed another fun show for our tamariki. The play was based around anti bullying with lots of quick costume changes and laughs along the way. Children and staff thoroughly enjoyed the performance.

Happy birthday to Peyton and Anahera who had birthdays this week and Anaiah will celebrate her birthday next Tuesday.

World of Maths Day

The World of Maths Roadshow visited our school last week. The World of Maths Roadshow was an ideal opportunity for students to see how maths is applied to some real life situations. Students engaged in hands-on activities that probed their problem solving skills. It was an engaging session which showed children that Maths can be fun.
